Dionnes Take Show Into Own Hands in Meeting With King and Queen—Sweetest Sight Ever Seen

By THOMAS WATLING

QUEEN'S PARK, TORONTO, May 22.—Five little maids in white, like fairies out of some extravaganza, bobbed and curtained to the King and Queen today, the sweetest sight that ever was seen. That's the net effect of the meeting of Their Majesties and the Dionne quintuplets. Prime Ministers and Royal aides planned the scene, but the five little Dionnes took the show into their own hands, and they gave an act that has gone out to amuse and delight the world.

INJURED GIRL IS CARRIED ON ROYAL TRAIN

BRIGHTON, Ont., May 22.—Miss Margaret Lapp of Brighton became the first unscheduled passenger on the Royal train last night when she fell from a bridge to the tracks beside the palace on wheels carrying the King and Queen toward Toronto. The train had made a service stop near this village, 20 miles east of Belleville, when the girl fell from the unlighted bridge. The train was held up 20 minutes while she was treated by Sergeant-Captain H. White, medical officer to Her Majesty, and then it carried her a half-mile into Brighton, where she was given into the care of a doctor. Miss Lapp, correspondent of the Toronto Evening Telegram and staff reporter of the Brighton Ensign, suffered an ankle injury. It was not determined whether the ankle was broken. The King and Queen had long since gone to bed and were not disturbed by the occurrence.

Inquest Ordered

CALGARY, May 22.—Coroner Dr. George H. Johnson of Calgary has ordered an inquest to be held tonight into the death of five-month-old Betty Lou Holt who died here Friday, less than 24 hours after the Holt home had been fumigated.

King, Queen "Play Hookey" And Go For Stroll In Fields

OTTAWA, May 22.—The King and Queen "played hookey" from their Ottawa round of state and society functions today and went for a stroll in the fields near the capital. Their Majesties lunched with Prime Minister Mackenzie King at Laurier House, then suddenly decided upon an impromptu sight-seeing drive.

A carload of police preceded the large maroon-colored car carrying Their Majesties, and the two vehicles were surrounded by a noisy escort of 17 motorcycle police. Casual motorists along the government driveway gaped in astonishment as their sovereigns sped in their unscheduled trip.

NEW COLORS PRESENTED BY HER MAJESTY

TORONTO, May 22.—The King signalled "Howya!" to his royal equivalent today when he suddenly saw a bronze 18-foot statue of himself two storeys up at the corner of a large department store on the route of the parade through downtown Toronto.

The figure was first seen by the Queen, who smiled and drew the King's attention to it. His Majesty looked up, grinned broadly and nodded a cheery short salute. The crowd at the intersection bowed with delight.

Queen Elizabeth Takes Part In Brilliant Military Spectacle

TORONTO, May 22.—In her first official function on the Canadian Royal tour accompanied by the King, Queen Elizabeth today presented new colors to the Toronto Scottish Regiment in a brilliant military spectacle on campus of University of Toronto. Fifteen thousand spectators lined the rope-restricted grounds as the Queen arrived from the nearby legislative buildings where Her Majesty received Ontario's welcome and held a private reception with the Dionne quintuplets.

COLONEL-IN-CHIEF

The Queen, Colonel-in-Chief of the Regiment, was dressed in the blue and grey ensemble she wore on arrival, and was accompanied by Lieutenant Governor Albert Matthews and Mrs. Matthews, Lieut-Col. C. C. Thompson, officer commanding the Regiment, and her suite.

Before the Queen's arrival, the regiment formed in line, facing south, with the bands on the sides. Officers and non-commissioned officers marched in slowly to pipe band music and the colors were handed over by the color-party to the officers.

ROYAL SALUTE

The Queen arrived after the drums were piled in the centre and the new colors placed against the wall. The regiment, forming three sides of a square, gave the Royal Salute and the Queen joined in the singing of a song.

UNITY WILL BRING PEACE GAULT AVERS

The British Empire, speaking with a united voice, would be an immense force for peace, Ed. Col. A. Hamilton Gault, D.S.O., founder of the Princess Patricia's Canadian Light Infantry, told the Kingston Club Monday at the MacDonald. Col. Gault reviewed events in the post-war history of Europe in his speech. Guests of the club were members of the famous fighting unit.

ROYAL COUPLE POSE FOR TINY PHOTOGRAPHER

COTEAU STATION, Que., May 22.—Somewhere near this little Saguenay county station an unidentified small girl spent happy last night. She had taken a posed picture of her King and Queen yesterday in the "77" here yesterday. The Queen waved her hand along the right-of-way. The smiling Queen stepped the King's arm just as they were leaving the observation platform on the train. They hurried off and were gone.

150,000 Mercenaries Claimed Trained As "Red" Army For U.S. Overthrow

WASHINGTON, May 22.—House of Representatives investigation, delving into a bizarre story of anti-Semitic, "counter-revolutionary" campaign in the United States, said today that were circulated in the campaign that a "red army" of 150,000 trained mercenaries was to be used in a modern-day American revolution.

Most of the mercenaries were said in reports to the investigators to be Spanish civil war veterans now refugees in France.

HELD IN REPORT

The house committee investigating un-American activities said details of the purported overthrow of the government were contained in the March 1 report sent by Dudley Pierpont Gilbert, socially prominent New Yorker, to a carefully-chosen list.

The report said the "general military plan" of the revolutionaries involved seizure of territory, principally on the Atlantic seaboard where eight of the government's 11 armaments are located.

PUBLIC UTILITIES WERE TO BE CAPTURED

Public utilities were to be captured by strikers, according to the report, and a financial panic created by the "dumping" of securities held by the revolutionaries.

Investigators said the committee was told that a substantial number of soldiers in the "red army" already are here, but the plan is to raise funds to bring others from France to Mexico and thence across the border into the United States.

Saskatoon Youth Soviet Sculptor

SASKATOON, May 22.—Canadian-born Joseph Givental, a Saskatoon youth, has gained prominence in the Soviet Ukraine as a sculptor. He is 18 years old.

Seven years ago he was taken to the Soviet Ukraine by his mother, Mrs. Joseph Givental, who for a number of years under her maiden name of Sonia Gamm was active in Saskatoon labor circles.

A natural aptitude for modelling attracted the attention of his school teachers. From photographs of the Soviet Union he developed the statue.

Joseph's father is still a resident of Saskatchewan, operating a country store.

Outlining U. S. Tour

While the King and Queen tour the Dominion plans are going ahead in United States for that part of their majesty's journey that will take them below the 49th parallel, and here Sir Ronald Lindsay, British Ambassador to the United States, is seen as he held a press conference in Washington in which he outlined plans for the embassy for entertainment of the royal couple. The King and Queen will be in United States from June 8 until June 11.

U. S. Congressman Urges Canada And States Stand Against Triple Threat

MONTREAL, May 22.—Canada and the United States must stand together in fighting the triple threat of Communism, Fascism and Nazism "which today threaten every existing democracy," Martin Dies, member of the United States Congress, said the Royal Empire Society here Saturday night.

Dies, chairman of the special Congress committee investigating un-American activities, said Canadians were as vitally concerned in stopping subversive activities as the people of the United States because "after they have established a firm foothold in the United States they will spread to Canada."

He claimed that some 10,000,000 people in the United States are being influenced directly or indirectly by subversive activities and that these activities "were originally established in the United States by foreign governments with foreign funds."

The representative from Texas warned that the state statute, which he called "Statutory fundamental objective of Communism, Fascism and Nazism, was designed to crush the individual and bend him to the will of the state."

LABOR PARTY, C. C. F. UNITE IN CALGARY

CALGARY, May 22.—Insuring united action by the local C.C.F. and the Canadian Labor party organization of a Calgary committee, with the Co-operative Commonwealth Federation was decided at meetings held here during the weekend.

Outing of the former executive of the local C.C.F. club, a majority of whom had stated opposition to co-operation with the Labor party, was the main item on the agenda.

A. J. E. Llesner, former city alderman, heads the new council, which will coordinate local activities of the C.C.F. clubs and the C.L.P.

Garland, national organizer of the C.C.F., assisted by Elmer E. C. Garfield, provincial secretary, attended the local meetings.

Vice-president of the new council is J. H. J. White and W. I. Horn, John Davidson and Mrs. E. J. Garfield, social convener.

FAVORITES WIN OPENING GAMES BRITISH GOLF

HOVLAKKE, Eng., May 22.—Charles Yates, of Atlanta, Georgia, regained his putting touch after a faulty start to lead an almost unbroken parade of favorites successfully through the first round of the British Amateur golf championship.

First notable casualty in the big field that went out among the Royal Liverpool course's hazards was a Hon. M. G. Scott, veteran English internationalist. Scott, winner of the

championship in 1933, the last time it was played here, dropped a 2 and 1 decision to Tom Edwards, of Wales.

Yates, one of the favorites, beat Bruce Thompson, a local star, 3 and 4 while the only other American to start today, Dick Chapman of Connecticut, eliminated John Cowley of Rotherham, 4 and 3.

Among the expected results in the twilight British brigade were a 5 and 4 victory Len Crawley scored over C. Boulton, and the 5 and 4 thumping Scotland's champion, Eddie Hamilton, handed Denis Gault.

Jim Brown, Liverpool-old Irish star and co-favorite with Yates, will make his initial appearance tomorrow, when he meets Len Crawley, another former Walker Cup player.

Hector Thompson, 1938 winner, also came through today eliminating D. B. Field, 4 and 3.

PARLIAMENT TURNS AGAIN TO BUSINESS

OTTAWA, May 22.—The House of Commons today resumed "business as usual." The common members turned back to their debate on Finance Minister C. A. Dunning's resolution to make certain income tax exemptions to industries expanding their plant.

Conservative Leader R. J. Manion brought to the attention of the government a source of complaint by companies selling goods to a buyer who becomes bankrupt before the goods are paid for.

In such instances, where the seller paid sales tax at the time of the sale, the seller lost not only the price of his goods but also the tax. Manion suggested a tax refund in such cases. He contended the loss was on the side, and if goods were not paid for, there was no sale.

Hon. J. L. Healy, revenue minister, said the complaint was an old one but no government had seen fit to accept the suggestion for adjustment. He held the sales tax was really a tax on the person making the sale.

BRITISH YOUTHS HEAR MESSAGES FROM DOMINION

LONDON, May 22.—Two messages from Canada were read Sunday at a special youth service in Westminster Abbey.

A gathering of 2,000 representing 20 youth organizations and London schools heard a message from the King and a message from a Canadian youth gathering at Vancouver. A message also was read from the late Prime Minister Joseph Lyons of Australia.

Replying to the message of greeting from the youths at the Abbey, the King said: "I thank you sincerely for the loyal assurances contained in your kind message in connection with the celebration of Youth Sunday in Westminster Abbey."

A similar service, organized by the Empire Youth Movement, was held at Canterbury Cathedral for the school children of East Kent. On Saturday, a message from Canadian youth organizations was sent to Vancouver Craigavon of Northern Ireland. The message sent greetings to the youth of Northern Ireland. Lord Craigavon replied, saying the youth of the six kingdoms joined with Canadian youth in expressing profound loyalty and devotion to their Majesties.

The audible expressions of sympathy from the official reception committee must have reached his ears. The Queen said: "His Majesty's arm—the one that is clasped around the youth who stepped down to the platform."

The King wore formal daytime attire, grey striped trousers and black waistcoat. His tie was of

Rain Brings Halt Annual Red Deer School Sport Day

Heavy rain caused the abandonment of the Red Deer school sports day here after several football games had been played in a steady drizzle Friday morning. Hundreds of school children who came from all over the city to watch the games, will have to wait for the weather to clear before the afternoon waiting for hours for the weather to clear.

Robert Lawrence was elected President of the local Lions Club at a meeting held during the week. Other officers elected were: First vice-president, Frank Adamson; second vice-president, Dr. F. J. Emmett; third vice-president, Bert Thompson; secretary, James Watt; treasurer, H. S. Sells; all officers, N. C. Brown, John Baker, Bill Swanson.

A heavy electrical storm last week shattered 11 telephone poles in the area of the local Lions Club. The storm also blew out the light poles in both settlements. The rain accompanying the storm proved a great benefit to the crops, which were badly in need of moisture.

Rushed to the hospital at Convent when he was found lying unconscious in the field beside his tractor with severe cuts about his face, Alvin Strand, a farmer residing five miles south of Veteran, was reported to be making satisfactory progress during the week-end. Several stitches were required to close wounds about his eyes and nose. The accident is believed to have been caused by the tractor backing.

Seedling is 90 per cent. completed in the Veteran district with an average increase of almost 10 per cent. over last year being noted. Crops are from two to four inches high.

Canada Gets Royal Salute at Ottawa

History Made as King Gives Royal Assent to Bills in Senate

Harvard never recorded a moment such as this among all the great moments in Canadian parliamentary history. Seated on the twin thrones in the Senate's Red Chamber are the King and Queen of England, and her overseas dominions, now become for the first time in history, in a very real sense, King and Queen of Canada. Royal assent to bills passed at the last sitting of parliament, usually given by the governor-general, was received from His Majesty, now become for the first time in history, in a very real sense, King and Queen of Canada. Gifts of Canadians to Their Majesties

King Chats at Ottawa

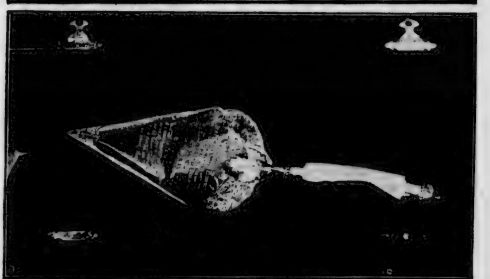

His Majesty is greeted by Lieut.-Col. George H. Rogers, O.C. of the Cameron Highlanders, on behalf of the guard of honor drawn up at the Union station in Ottawa, as the King and Queen arrived for their curtailed visit to the Dominion capital.

Canada's Prime Minister, Mackenzie King, accompanies Queen Elizabeth as they enter the Parliament buildings' Senate Chamber where, for the first time, the King, in his own name, gave royal assent to bills passed during the last session of parliament. The Queen's smile was most gracious at all times.

Queen Grooms Veteran She Has Splendid Memory For Faces Last Seen in Delhi

OTTAWA, May 22.—The Queen Sunday recognized a war veteran who had last been seen in hospital at Delhi, India, 12 years ago, a splendid feat of memory.

Leslie Holden, once a drummer in the Black Watch and now a farm hand at Kingsville, Ont., did his chores before dawn and rode 40 miles on his horse to take his place among estate veterans at the unveiling of the national war memorial.

As their Majesties passed, the Queen stopped in front of him and treated him to her famous smile. "Were you not in India?" she queried the Queen.

"Yes, I remember it right away," said Holden. "It's the brooch the second battalion gave you when you visited Delhi."

Her majesty held out her hand. Tears in his eyes, Holden clasped her hand for a moment in both of his. "She hasn't changed a bit in 12 years."

Holden said their Majesties had visited Delhi as the Duke and Duchess of York and had paid a formal visit to the military hospital while he was recovering from an operation. When his service was completed, Holden left the army and came to Canada 12 years ago.

"I remember," added the Queen. "But you get over your operation."

"Yes, ma'am," said the veteran. "Do you remember that?" said the majesty, drawing his attention to a brooch on the left shoulder of the man. "It was a replica of a Black Watch brooch, set in diamonds and emeralds."

"Yes, I remember it right away," said Holden. "It's the brooch the second battalion gave you when you visited Delhi."

Blind War Veteran Pledges Allegiance To King George VI

TORONTO, May 22.—Blinded in France in 1917 in the service of his King, Cecil Purkis of Preston, Ont., stood in the Ontario legislative chamber today and pledged again his allegiance to King George VI.

Purkis, who served three years with the Royal Canadian Regiment, and Mrs. Purkis were guests at the official reception in the King's day night.

Through invitation of Labor Minister Norman Hapel, "We can't express our gratitude enough," said Purkis. "This will be a day to remember."

J. M. Parker Dies

PASS CHRISTIAN, May 22.—John M. Parker, 88, governor of Louisiana from 1920 to 1924 and vice-presidential running mate with Theodore Roosevelt on a gubernatorial ticket in 1916, died Saturday night.

Skeena To Carry Their Majesties To P.E. Island

MONTREAL, May 22.—A proud lot, the seamen aboard the Canadian destroyer Skeena were the envy of the waterfront today as the sleek little craft lay tied up for a few days before returning to her Halifax base to get ready to take the King and Queen to Prince Edward Island next month.

Their Majesties will occupy the three-cabin accommodations of Commander H. T. W. Grant when they board the Skeena with their party at Cape Tormentine, N.B., on June 14 for the 40-mile cruise to Charlottetown. They will leave the island capital the same day for Pictou, N.S.

One Big Night Tunney II Black Here

THE night of June 1 will clarify the heavyweight fight picture of two countries, Canada and the United States. The dominant light-heavy and heavyweight championship will be decided at the Arena here when Winstich and Warrington meet over the 18-round rope and in the Yankee Stadium, New York City, Lou Nova and Maxie Baer will fight it out at the same time for the right to battle Joe Louis for the world title in September.

Today Winstich is back at his Seta Beach training camp for his brief weekend trip into the city. He appears to be in better condition and to have more fire than for any recent fight here. His heavy work this week when he side-kick King Kong Clayton and Gordon Grayton to his staff of sparring partners. Warrington is due to leave New York for Edmonton either today or tomorrow. The long train trip is certain to do him no particular good, but his manager, Bobby North, expects to overcome it by completing training here.

The Nova-Baer battle offers a lot of interesting angles. To begin with, there are a lot of insiders in the fight game who insist that Baer never suffered financially by losing his job on a decision to Bradstock and by being knocked out by Joe Louis. These wise parties tell us that Baer is still the one man with what it takes to stop Joe Louis. Maybe there is something in those stories, maybe not.

Baer is a happy-go-lucky man who can never get very serious about anything. Some of the boys figure that this makes him a fighter. They want their battles more easy, aware and vicious. These characteristics may help a guy along in the fight business, but being able to hit like a sledge and box with the best are also mighty handy slams. Nova is no one has ever charged that Baer lacked either hitting power or boxing skill.

Tunney's Footsteps

LOU NOVA has a character that is the very opposite of Baer's. Lou is the Gnome Tunney type—the serious, studious young man who has got out to smash his way from poverty to riches by the power of his fists. Tunney fought his way to a million dollars fight that he could marry a society girl. Nova is fighting for a million to make a society matron out of the girl he has been married to for six years.

Nova is the son of a San Francisco musician and his puppy had plans for Lou to do his training on a plane. Lou found, however, that his physique and temperament were better suited for sport than music and he went in for all branches of athletics. At 15 years of age he decided he would follow Tunney's steps and win the heavyweight title. Since then he has moved right ahead along the sock and duck trail without allowing anything to distract him. That sort of persistence is the most amazing thing about Nova's record to date. It is as rare as a five-dollar bill the night before pay day. Plenty of talented fighters crop up, but many few of them have the persistence to keep fighting up toward the top when the breaks go against them. Nova's two best fights were a seven-round knockout against Gunnar Balund and a near victory over Tommy Farr.

Baer now and then has those Hecate Alger moments, makes good. Tunney was one and Nova has the chance to be another.

Black To Show Golf Wares Today

KEN BLACK, the Vancouver shotmaker of the links, will show his golfing wares at Mayfair this afternoon when he books up in a foursome with Henry Martell, Pat Fletcher and Bob Procter. The match is timed to start away about 4:30 p.m.

Black rates as one of Canada's finest golfers. He arrived in Edmonton on Saturday afternoon and took on the Eaton challenge match at Mayfair on Sunday.

Roundup Before "30"

JERRY BROWN is back in town again after spending some seven or eight months hustling a puck-around English hockey arena. He has an offer to sign with the Detroit club of the N.H.L. this fall and is giving the matter serious consideration.

The student body of the University of Michigan have come out in protest and flatfooted against college amateurism and the student senate recently adopted a resolution stating that a fee be set up of football players to subsidize athletes to come to Michigan U. The boys are determined to avoid another four-year death of football.

J. M. Vegreville: The largest purse ever paid for an indoor fight was the \$100,000 Jack Dempsey drew for boxing Bill Brennan in Madison Square Garden in 1920.

Canadian Brothers Win Gotham Six-Day Bike Race

NEW YORK, May 22.—The Peden brothers from Victoria, B. C., and Doug, outstripped the field in the final hour last night to win New York's 65th international six-day bicycle race in Madison Square Garden by a margin earned on sprint points before a crowd of about 6,000 fans.

Coming through with their first garden triumph as a brother combination, the Canadian riders won 11 of the 24 sprints which featured the first hours of speeding, and placed in 21 of the 24 miles dashes in their final hour for the six-day ride to nowhere in 1,400 points.

Bobby Thomas, sturdy Kenzie, who, rider, and Gustav Killen of Germany finished second in the point standing with 1,180, while the American team of Jimmy McWilliam of New York and Al Cramer of Boston took third with 988.

Only eight of the 12 teams which started the race last Monday night

were on hand at the finish. Nine were left with as few as 100 points, and only two, the Canadians and the Americans, were left with more than 1,000 points.

France took China PARIS, May 22.—The French Davis Cup squad ended its second round rest of the Chinese team Sunday.

France, by splitting the first two matches Saturday after winning 2-1, and opening tests, held a 4-1 final advantage.

Dizzy Allows Bees Three Single Hits

CHICAGO, May 22.—While 21,684 fans who had stood for an hour in the rain thundered a welcome to him, Dizzy Dean made his first 1939 league start Sunday and pitched a three-hit game to give the Cubs a 4-0 victory over Boston.

Only one Bear got as far as third base and only four reached first, one of them as a result of an error by Steve Meek in the sixth inning. Dean didn't walk a batter and declared his \$100,000 arm was as strong at the finish as it was at the start.

Diz Does It Royalty to Watch Running of King's Plate Today

TORONTO, May 22.—Racing fever soared today as 15,000 thoroughbreds awaited a shrill bugle note calling them on the track at Woodbine Park for the 80th running of the King's plate.

The horses were named Saturday to match speed and stamina in the mile-and-a-half race before the King and Queen and the major portion of a \$100,000 added purse.

At stake will be a gold cup, donated by the King, a gold pen and the major portion of a \$100,000 added purse.

Sea General, a chunky brown gelding, has been installed the 2-1 favorite over either a fast midweight or a heavy weight.

The General and C. George McCullagh's Archwood waged a nip-and-tuck duel before the gelding drew the honor of nursing to the post, as favorite, one bad workout.

Yesterday made his first start of the season for Chicago Cubs and turned in a glowing three-hit shutout win over Boston Bees.

Cheering his countless followers, Sea General's arm has regained its old-time effectiveness. Jerome H. "Dizzy" Dean yesterday made his first start of the season for Chicago Cubs and turned in a glowing three-hit shutout win over Boston Bees.

Derby Holds Spotlight in Old England
English Ready For Great Event On Wednesday At Epsom Downs

EPSON, Eng., May 22.—After a year of alarms and crises Great Britain turns to Wednesday's 156th running of the Derby for a chance to relax.

The field is fast and able, with Lord Rosbery's Blue Peter, winner of the 2,000 Guineas, the favorite at 7-2. William Woodard's Hypocrite, only American-owned horse in the race, is second choice at 9-1 with Sir John Jarvis' American's Walk next at 10-1.

Others of lesser note are Heliopolis, owned by Lord Derby, and Fairstone, from the stables of the immensely popular Sir Abe Bailey, South African damask and bay. Both are currently quoted 10 to 8.

MORE THAN JUST A RACE
But whether the field is fast or slow, whether it is rainy or clear, the Derby will be more than a race and a social event for a mile and a half for a purse of about \$80,000. It is an integral part of English life.

Half country fair, half sporting spectacle, it dominates the British Isles for a day.

It is as drawn the Calcutta and Irish overlappers, the winning of either of which makes a man independent for life. To it each year come some 200,000 people. Towards it, trainers plot the best in their stables. Around it, has grown a wealth of legend and stories.

THRILLING SPECTACLE
Epsom is a thrilling sight the day of the race. People come pouring in by jammed railroads, by horse and buggy and archaic coaches. There mingle with the staid, trainers and jockeys who have been barred from the course, are everywhere outside, reading palms and waving banners.

This year the King and Queen are visiting Canada and can not attend but the Duke of Gloucester will represent the Royal family.

BOMBERS BEAT DAKOTANS 17-0 IN GRID BATTLE

Hanson Runs 80 Yards for Touchdown Against American Team

WINNEPEG, May 22.—Winnepeg Blue Bombers, defeated University of North Dakota 17-0 in an exhibition game under floodlights here Saturday night before a crowd of 2,000.

Bombers were out on comparatively even terms by the Dakotans except in the third quarter when they scored two touchdowns, one on an 80-yard run by Fritz Hanson, blond halfback fullback. The game was played under western Canada rules but interference was permitted anywhere in the field instead of the 10-yard limit provided under the western code.

Art Stevenson punted for two single points in the first quarter and again in the second. Greg Kubit kicked a field goal to make it 6-0 at half-time.

Hanson broke loose early in the third for his 80-yard touchdown run and Wayne Shirley passed to Al Allison, one-line Toronto Argonaut, for a second touchdown. The game was tied 6-6 at the end of the third quarter.

There was no scoring in the fourth quarter.

Princesses Meet Big, Bad Wolf

Even Royal Princesses become tense with interest when the story of Little Red Riding Hood's adventures with the Big Bad Wolf is unfolded before them. In these unusual pictures, taking during

a pantomime in London, Princess Elizabeth, left, elder daughter of Great Britain's King and Queen, and her sister, Princess Margaret Rose, are completely engrossed in the acting of the fairy tale.

DRIVER ARRESTED AFTER ACCIDENT: AUTO OVERTURNS

An auto operated by Frank Visser, 1148 56 street, was overturned at 9:00 p. m. Sunday when it was struck by a car driven by Grover Wood, service station employee, at 108A avenue and 56 street. Wood was arrested and charged with dangerous driving.

Visser's wife and three children were with him in the car, and were shaken up and scratched.

Visser's car was struck on the right rear fender, spun around twice, and landed on its side.

Wood was to appear in city police court Monday.

Queen Elizabeth Talks To Her Children Over Trans-Atlantic Phone

OTTAWA, May 22.—Two little princesses, left at home while their Royal parents travel among their Canadian subjects, Sunday heard the voices of their mother and father across thousands of miles of land and water.

From Government House the King and Queen talked by trans-Atlantic telephone Sunday morning with their children.

Princess Elizabeth, who may one day sit on the British throne, and Princess Margaret Rose heard the familiar admonitions of loving parents to be careful, to rub their rubbers in wet weather and to be good.

It was the first time since their arrival in Canada that their Majesties have talked to their children.

WALDENBURY, Herk. England, May 22.—Princess Elizabeth and Princess Margaret Rose for the first time in their lives went away alone for the week-end. They visited their uncle, David Bowden-Lyon, the Queen's youngest brother.

The Princesses motored from Buckingham Palace Saturday, accompanied only by their two nannies, Mrs. Bowden-Lyon's country house—St. Paul's.

There they had the third today talking to their Royal parents by transatlantic telephone.

Social Breakdown Fear Restraining Nations From War

Fear of social disintegration which would certainly follow major international strife will restrain the great nations of Europe from engaging in a general conflict, it was stated by Dr. Shortell, Victoria high school teacher, in an address to the Western Foreign Affairs Society at the lecture Tuesday afternoon.

Taking as his subject, "Is War

Imminent?" Mr. Shortell contended that the answer to this query was "no." England, Germany, France and Italy had too much at stake at present, he said. Social disintegration which would follow a war would bring about complete breakdown of the present economic and social order. The speaker believed none of the major powers would risk this.

CAMPAIGN FOR GOOD READING IS CONTINUED

Ottawa Is Urged To Take
Action Against Bad
Literature

A resolution urging the federal government to take action against the publishing and distribution of obscene and indecent literature in Canada received almost unanimous endorsement from more than 100 persons gathered at a rally sponsored by the Catholic Youth organization in the Capitol Theatre Sunday evening.

The rally climaxed almost two months of an intensive drive on the part of the Catholic Youth organization for "good reading."

Most Rev. J. H. MacDonald, Bishop of Edmonton, who presided at the rally, stressed the importance of the parents setting the example to their children by having only good literature in their homes. At the opening of the meeting he read a letter from His Honor, Lieut-Gov. J. C. Bowen commending the organization for its efforts to reduce in the youth of Edmonton a desire for "good reading."

Tracing the growth of printing from the early writings of the monks to the present day, the speaker stated that the present era has turned out hundreds of thousands of printed pages daily.

Mr. Rev. Monsignor W. B. Carleton, principle speaker of the evening, deplored the use of bad literature being put to today. He declared that there had been a big "let down" in moral standards since the time of the Great War and distributed this to the indecent publications that were being distributed.

He gave congratulations and good wishes of the government of Alberta was conveyed to the meeting by Mr. Lucien Maynard, minister of municipal affairs, who addressed the assembly.

He declared that reading has a tremendous influence on the development of a people, especially youth moulding their character and the type of literature they read for good and desirable things or for bad and undesirable things, according to the type of literature they read.

Mr. Maynard called attention to the fact that many unemployed youth men and women were reading "so-called literature" simply to pass the time and that a great deal of today that would contain only good literature.

Breaking a long standing resolve not to accept any Sunday engagements because he would be unable to lend whatever weight he could to such a worthy and serious cause, Mayor John W. Brown declared that the longer he was in public life, the more he realized that it was his duty to do so.
